

Confirmation regarding Latex Free Products

To whom it may concern:

To the best of our knowledge there is no latex contained in any products of Erbe Elektromedizin GmbH delivered to the US-market. However, based on the FDA's recommendation to medical device manufacturers¹⁾, there is no proof that a product does not possibly contain traces of natural latex rubber proteins which could lead to allergic reactions.

¹⁾ see <http://www.fda.gov/ForConsumers/ConsumerUpdates/ucm342641.htm>
